Premium Packaging for Retail & Contractors

Every ModuLine Core cornice is packaged in two layers for maximum protection and easy handling:

1. Individual PVC Wrapped Packs

- Each pack contains 5 × 2m lengths (10m) or 4 × 2m (8m) depending on the product size.
- Wrapped in tough PVC film to prevent dirt, moisture, and transport scuffs.
- Printed pack information makes stock counting fast and accurate.

📌 Ideal for stores that sell per-pack.

2. Heavy-Duty Display Carton

- Made from reinforced corrugated board for long-distance transport.
- Clean white outer finish with red & black brand accents for strong shelf presence.
- Printed front label shows:
  - Cornice name
  - Profile image (2D + 3D)
  - Carton contents
  - Linear metre total per carton

📦 Each carton holds 6 to 15 packs (depending on range).
📌 Perfect for full-carton sales to contractors and renovation teams.
